

GERALDTON - GREENOUGH

FARMERS MARKET

Dear Business Owner

Introducing the Geraldton Greenough Farmers' Market

The GGFM is a not for profit entity consisting of a collection of motivated producers and community members who are taking the initiative to enhance their community by facilitating the ongoing development of a Farmers' Market in Geraldton.

The Markets take place each Saturday 8am -12pm at Maitland Park in Geraldton.

Become a Friend of the Market

As a community driven project we are seeking help from individuals/businesses in the community who wish to align themselves with our goals below.

We require a number of items to help run the markets in a professional and sustainable manner. If you are able to donate, assist to purchase or would just like to be involved we would be most grateful.

Attached are the levels of sponsorship desired and associated levels of gratitude from the GGFM.

To offer sponsorship and/or find out how to help please contact the market manager on manager@geraldtongreenoughfarmersmarket.com or Ph: 0437 844 901 or visit the market webpage.

Market Goals

The overall philosophy of the Farmers' Market is local produce, sold locally, by the person who produced it. The idea was raised by community members as a way to

- Improve access to nutritious and affordable foods
- Provide information on food handling and preparation
- Providing an opportunity for social interaction and a tourism draw-card for Geraldton.

Experiences overseas and nationally have shown that farmers' markets are not only a venue for the exchange of goods but provide a social hub for the community.

Thank you. Your time and help is appreciated
